In the article by Redondo et al., «Respiratory Syncytial Virus Vaccination Recommendations for Adults Aged 60 Years and Older: The NeumoExperts Prevention Group Position Paper», published in the March issue of the Archivos de Bronconeumología (Arch Bronconeumol. 2024;60:161–170), the following errors were found:

On page 163:

The text refers to LRTI developed as «lower respiratory tract illness», but should state «lower respiratory tract infection».

In the foot to tables 5 and 6:

LRTI: lower respiratory tract illness, should say, LRTI: lower respiratory tract infection.
